BUILDINGS & COMPONENTS

BUILDING
COMPONENTS

OUR STORY

Family owned and operated since 1955, Whirlwind Steel is proud to have served the needs of contractors, builders, architects, businesses, governmental organizations, and consumers. Our discerning customers have turned to Whirlwind Steel with confidence for pre-engineered metal buildings and components including panels, primary and secondary structural framing, roofing, solar racks plus a full line of metal building accessories and trims. Both welded and cold-form steel framing is done by fully trained professionals and our quality control team is the best in the industry. Now is

the time for you to find out why so many people have trusted Whirlwind Steel with their most important projects for so long.

TODAY

With two 250,000 square foot manufacturing facilities – the original plant in Houston and a second in Tallapoosa, Georgia – Whirlwind Steel continues to be an industry leader. Over 200,000 buildings and projects can be found in every US state as well as other countries. We are proud of our legacy and encourage you to call us and discuss your next project today.

OUR CORE VALUES

At the heart of all that we do is to provide a building experience and focus on relationship that's second to none, so we've developed our business around six core values that help us live up to our mission – to build for life.

RELATIONSHIPS WITH MUTUAL RESPECT

Mutual respect is the key to mutual success. Honesty, integrity and fairness for all.

ACT WITH PURPOSE

We hold ourselves to the highest level of accountability so our customers, coworkers and suppliers will be confident that we'll do what we say we will, every time.

PASSION FOR LIFE

We develop lifelong relationships with our customers, coworkers and suppliers, making sure that we deliver on time, without compromising safety.

INNOVATE AT EVERY LEVEL

We don't just accept change. We embrace it. Our company was built on an entrepreneurial spirit. Innovation from within has been a key element to our success.

DEDICATION TO EXCELLENCE

We're committed to excellence in every part of our business. We are focused on providing industry leading product quality, efficiency and customer service.

CREATE RAVING FANS

We go above and beyond to ensure an exceptional experience.
We create raving fans!

WHY WHIRLWIND STEEL

Longevity

Intended to last decades, metal buildings meet the strictest construction standards. Whirlwind products are tested for hail impact, fire, wind uplift, snow loads and high velocity winds.

SECONDARY STRUCTURAL

In addition to the variety of metal roof and wall panels, Whirlwind also offers Secondary Structural Steel including Cee's, Zee's, Open Channels, Eave Struts, Angles and Custom shapes.

Whatever the size, shape, or structure of your metal building, Whirlwind uses cutting-edge technology to create the framing and structural members you need to ensure a lifetime of quality and durability for your project.

TRIM PARTS

Whirlwind gives you a full line of trim, hardware and accessories to customize your metal building project. Featuring a wide selection of colors, you'll find no one offers a better selection of trim – from the ground to the roof ridge – to finish your building design just the way you want. In fact, the trim displayed here is only a very small selection of our extensive offering of trim conditions.
